## BioMotion Tour 2009

October 13<sup>th</sup>- November 12<sup>th</sup>

**Dr. Karsten Block**

- Die Biomotion-Tour ist Teil des BioMotion-Projektes (BioFuels in Motion). Informationen zu Biokraftstoffen wurden zwischen den Ländern ausgetauscht und die Verfügbarkeit auf der Tour praktisch erprobt.
- Entlang der Route wurden Info-Stops, Aktionstage und Besichtigungen organisiert, um die Öffentlichkeit über Biokraftstoffe zu informieren und die Partnerländer bei Ihren Bemühungen, Biokraftstoffnetzwerke aufzubauen, zu unterstützen.

- Hierdurch sollte das Ziel, in den einzelnen Ländern Biokraftstoffnetzwerke zu etablieren, zusätzlich unterstützt werden.
- Die Tour gab einen Überblick über die Verfügbarkeit und Probleme mit Biokraftstoffen.

- Vom 13. Oktober bis zum 12. November 2009 wurden auf der BioMotion-Tour 35 Städte in 7 unterschiedlichen Ländern besucht.
